Gender	Male
Language	Kashmiri, Urdu and English
Experience	50 years experience in this craft.
Knowledge Acquired	Keen interest in art since childhood. Awarded first price in 9th class for a painting titled rice field. Won many awards in school and college. After completing bachelors in art, govt of kashmir on there own expense and monthly stipend send me to Sir JJ school of art, mumbai for training. After completing the training Joined as assistant designer in school of design, kashmir. While doing this job, I got a keen interest in paper mache and was inspired by a well known craft person Ali Mohd Banka, who used to work as head craftsman in school of design. While Mr Banka used to paint paper mache box, I was driven to it. Then i started doing paper mache on my own in leisure time. I was more interested in painting miniatures, mughals and flowers. After retired as senior designer in school of design, made paper mache craft as profession. Received 2 state awards and 1 national award.

Gender	Male
Language	Kashmiri, urdu and English
Experience	40 years experience in this craft.
Knowledge Acquired	Had this love for Painting chinars from childhood. After completing school, made paper mache craft as my profession and learned new designs and patterns with every passing day. Mastered in most popular designs of paper mache viz Hazara which is roughly translated as thousand flowers, gul velayat translated as flower of england and gul andar gul which means flower inside another flower. After marrying, I went to learn miniature and mughal art from my father in law. Received state award and national award. Have been to many foreign countries to give live demonstration.

Knowledge Acquired	This is regarding my Knowledge about Papier Machi craft which I have learnt from my Uncle who was the master craft person in paper machine who was given training to the people in a department called co-operate which was run by the Government on earlier days when very less people know about this craft….he was the expert of a unique craft called shawl tara which is like to make the paisley kind of design and the workmanship was like the needle stitching which then got very famous and even people got inspired from him and his designs . Then they start to make wooden blocks to use them on shawls for the sozni embroidery purpose. Also I got trained by Syed Maqbool Hussain where my mother house was he was younger brother of my mother. He is the great craft person well knowing artist of paper machine who even got National Award from the Indian Government.

Experience	55 years
Knowledge Acquired	Primary school. I could not complete my schooling due to the death of my father when I was just a kid. My mother and uncles supported me by providing me the necessary skills to perform this heredity art that I carried in my blood. I have learnt the art from my elder brothers and maternal uncles. I have been nominated and presented the International certification in Indian handicrafts in Netherlands as part of art promotion programme by government of India ministry of Art and Culture in 1993. I am proficient in making Shabi-Guliwilayat art with real gold motifs within the dark midnight shaded background on the articles I make. I also make other art forms. This has been my best selling thing so far in my life. Other forms I make are Cheen, hazara, Gulandar Gul , daen posh, etc. I usually get my paper mache raw articles made from sakhtwala Shabir living near my house I than finish the base and start the artwork from the start to end of these designs. All my work is coated with multi – layered varnish which I do myself. My son has recently helped me get on the internet through URl: mughalarts.com. you can check my scanned copy of certification there in About us section.
